Technical Specifications for Mi-9001 A & Mi-9001 B

- Overall approximate dimension (buffer-to-buffer): 2200 mm L x 1020 mm W
- Bed frame approximate dimension: 2115 mm L x 930 mm W
- Mattress approximate dimension: 1980 mm L x 880 mm W
- Height adjustment (approximate, without mattress):
Minimum: 475 mm to Maximum: 855 mm
- Backrest, upper leg, height adjustment, trendelenburg and reverse trendelenburg adjustments electrically operated on four electro mechanical actuators with user friendly handset

Adjustments obtained Electrically with Patient Handset:

- Back section
- Upper leg section
- Height
- Trendelenburg & Reverse Trendelenburg
- Electric CPR
- Under Bed Light (If opted for initially)

Optional Accessory :

Adjustments obtained Electrically with Atendant Control Panel (ACP):

- Back section
- Upper leg section
- Height
- Trendelenburg & Reverse Trendelenburg
- Auto Contour (Backrest and upper leg simultaneously adjusted)
- One button Cardiac Chair Position
- One button Emergency Trendelenburg
- One button Emergency Electric CPR
- Under Bed Light (If opted for initially)
- Locking all or any desired adjustments
- Battery Charge Indicator

Bed Models:

- **Mi-9001 A** : Bed supplied with 150 mm dia heavy duty central locking castors with directional lock having brake mechanism lever
- **Mi-9001 B** : Bed supplied with 125 mm dia heavy duty castors, two with brake and two without brake

Standard Features:

- Manual Emergency CPR with instant lowering of backrest obtained with the help of quick release mechanism lever provided on both sides of the bed
- Four section uniformly perforated mild steel CRCA sheet top
- Top and base frame made from mild steel tubes
- Easily removable Polymer molded head and foot boards
- Polymer molded safety side railings (set of four)
- Buffers at four corners
- Urine bag holder
- Provision for Lifting Pole
- Pretreated and epoxy powder coated finish
- Supplied in semi knocked down condition

Bed Variant with Bed Extension facility

Bed variant with X-ray Permeable backrest

Introduction :

Medimek is a trusted brand in the medical fraternity over a decade. Our singular and simple philosophy is to cater to the needs of all our customers with a comprehensive range of excellent quality, user friendly hospital furniture and allied products, offered in a broad spectrum of exciting shades, aesthetic patterns and creative designs and backed by prompt after sales services.

Beds are universal and essential for ensuring successful medical treatment to the patient in any hospital and medical institution. No hospital infrastructure is complete without the Plain Beds; basic, conventional and economical beds that are strong, sturdy but have mechanically simple operations. Largely opted for in the rural hospitals in the remote and inaccessible areas, they are also offered in customized sizes.

Attending a recuperating patient can be a physically exhausting experience for his family and relatives in any medical institution. **Attendant Beds** are so well designed that they offer comfort and relaxation to the patient attendants, during their hospital duties.

Mi-7021

Attendant Bed - Plain

Specification:

- Overall approx. dimension (with mattress): 1840 mm L x 610 mm W x 545 mm H
- Framework made from mild steel tubes
- Plain uniformly perforated mild steel CRCA sheet top

Optional Accessory:

Suitable mattress

- "H" type tubular legs fitted with rubber bush
- Two locations on bed frame for IV rod
- Pretreated and powder coated finish

Mi-7031

Attendant Bed - Telescopic

Specification:

- Overall approx. dimension (with mattress): 1840 mm L x 560 mm W x 440 mm H (Fully extended)
- Overall approx. dimension (with mattress): 940 mm L x 560 mm W x 510 mm H (Slided in)
- Framework made from mild steel tubes

- Mild steel CRCA sheet top with raised edges
- One section is slided under the other section
- Pretreated and powder coated finish

Optional Accessory:

Suitable mattress

Mi-7026

Attendant Bed with Panels

Specification:

- Overall approx. dimension (with mattress): 1880 mm L x 645 mm W x 750 mm H
- Top frame dimension (with mattress): 1830 mm L x 610 mm W x 545 mm H
- Construction made from mild steel tubes and sheets
- Mild steel CRCA tray type sheet top with raised edges
- Decorative panel and shelf provided at head end
- Pretreated and powder coated finish

Optional Accessory:

Suitable mattress

Mi-7036

Attendant Bed with Two Cabinets

Specification:

- Overall approx. dimension (with mattress): 1840 mm L x 610 mm W x 560 mm H
- Construction made from mild steel tubes and sheets
- Mild steel CRCA tray type sheet top with raised edges
- Two cabinets with locks and open shelf in middle
- Pretreated and powder coated finish

Optional Accessory:

Suitable mattress

Reclining position

Mi-7046

Low Back Attendant Bed with Mattress (Backrest Reclining on Gas spring and manually operated legrest)

- Overall approx. dimension (with mattress and hand rest): 1715 mm L x 705 mm W
- Sleeping level height (with mattress): 430 mm H
- Seating, Reclining and Sleeping positions manually adjusted

Sleeping position

Mi-7052

High Back Attendant Bed with Mattress (Backrest Reclining on Gas spring and manually operated legrest)

- Overall approx. dimension (with mattress and hand rest): 1815 mm L x 760 mm W
- Sleeping level height (with mattress) : 430 mm H
- Seating, Reclining and Sleeping positions obtained by adjusting backrest on gas spring mechanism and manually operated leg rest
- Provision to operate gas spring from both sides

Seating position

Sleeping position

Reclining position

Common Specification:

- Construction made from mild steel tubes and sheets
- Supplied with suitable mattress
- Cushioned handrest
- Tubular legs fitted with rubber shoes
- Pretreated and powder coated finish

- Locker cabinet and drawer made from mild steel CRCA sheet
- Locker top, drawer front and cabinet door with Membrane top
- Cabinet door with magnetic latch
- Mounted on four castors 50 mm dia, without brake
- Pretreated and powder coated finish

Mi-6002

Bedside Locker (SS Top)

Specification :

- Overall approx. dimension (without buffers): 400 mm L x 400 mm W x 820 mm H
- Locker cabinet and drawer made from mild steel CRCA sheet
- Stainless steel top with raised edge on three sides
- Cabinet door with magnetic latch
- Mounted on four castors 50 mm dia, without brake
- Pretreated and powder coated finish

Mi-6005

Bedside Locker with Cabinet (SS Top)

Specification :

- Overall approx. dimension (without buffers): 400 mm L x 400 mm W x 820 mm H
- Locker cabinet and door made from mild steel CRCA sheet
- Cabinet door and three side mild steel railings
- Stainless steel top with raised edge on three sides
- Mounted on mild steel tubular legs fitted with rubber shoes
- Pretreated and powder coated finish

Mi-6004

Bedside Stand with Shelves (Fully SS)

Specification :

- Overall approx. dimension: 390 mm L x 360 mm W x 770 mm H
- Stainless steel tubular construction
- Three stainless steel shelves
- Legs fitted with rubber shoes

Alternate :

Mi-6004 A

Bedside Stand with Shelves (Fully SS) and Castors

Mi-6027

Overbed Table - Two section Membrane Top (Height on Geared Handle)

Specification :

- Overall approx. dimension: 910 mm L x 470 mm W
- Top approx. dimension: 805 mm L x 380 mm W
- Construction made from mild steel CRCA sheets and tubes
- Height adjustment with handle: 720 mm to 1020 mm (approx.)
- Two section membrane top with raised edge on four sides
- Mounted on four castors 50 mm dia, without brake
- Pretreated and powder coated finish
- Supplied in KDC

Alternate :

Mi-6026

Overbed Table - Two section Membrane Top (Height on Gas Spring)

Overall approx. dimension: 840 mm L x 470 mm W

Mi-6028

Overbed Table - Plain Membrane Top (Height on Gas Spring)

Specification :

- Overall approx. dimension: 790 mm L x 470 mm W
- Top approx. dimension: 805 mm L x 405 mm W
- Strong construction made from mild steel CRCA sheets and tubes
- Height adjustment on gas spring: 770 mm to 1050 mm (approx.)
- Plain Membrane top with raised edge on four sides
- Mounted on four castors 50 mm dia, without brake
- Pretreated and powder coated finish
- Supplied in KDC

Alternate :

Mi-6029

Overbed Table - Plain Membrane Top (Height on Geared Handle)

Overall approx. dimension: 910 mm L x 470 mm W

Mi-6031

Overbed Table - Plain SS Top (Height on Geared Handle)

Specification:

- Overall approx. dimension: 910 mm L x 470 mm W
- Top approx. dimension: 760 mm L x 360 mm W
- Construction made from mild steel CRCA sheets and tubes
- Height adjustment with handle: 700 mm to 1020 mm (approx.)
- Plain stainless steel top with raised edges on three sides
- Mounted on four castors 50 mm dia, without brake
- Pretreated and powder coated finish
- Supplied in KDC

Mi-6034

Overbed Table - MS Framework and Plain SS Top (Fixed Height)

Specification:

- Overall approx. dimension: 1110 mm L x 450 mm W x 1030 mm H
- Top approx. dimension: 760 mm L x 435 mm W
- Mild steel round tubular frame work
- Plain stainless steel top with raised edge on three sides
- Mounted on four castors 50 mm dia, without brake
- Pretreated and powder coated finish

Alternate:

Mi-6033

Overbed Table - SS Framework and Plain SS Top (Fixed Height)

Mi-6035

Food Table (Fully SS) - Non Folding

Specification:

- Overall approx. dimension: 690 mm L x 360 mm W x 310 mm H
- Top approx. dimension: 460 mm L x 360 mm W
- Stainless steel tubular frame work
- Plain stainless steel top
- Legs fitted with PVC bush

Overall approx. dimension:

Mi-5036

686 mm L x 457 mm W x 850 mm H

Mi-5036 A

914 mm L x 508 mm W x 850 mm H

For Cathlab:

Mi-5036 B

1067 mm L x 610 mm W x 850 mm H

Mi-5036 C

1524 mm L x 610 mm W x 850 mm H

Mi-5041

Dressing Trolley - Stainless Steel (with Bowl and Bucket)

Specification:

- Overall approx. dimension: 1030 mm L x 457 mm W x 850 mm H
- Platform approx. dimension: 630 mm L x 450 mm W x 790 mm H
- Stainless steel tubular frame work
- Two SS shelves with three side railings on top shelf
- SS Bucket with lid and SS Bowl
- Four heavy duty castors 100 mm dia, two with brake

Mi-5047

Mayo's Trolley Single Bar - Stainless Steel

Specification:

- Overall approx. dimension: 545 mm L x 485 mm W
- SS Tray approx. dimension: 545 mm L x 420 mm W
- Tray height adjustment: 850 mm to 1300 mm (approx.)
- Stainless steel tubular framework
- Four castors 50 mm dia, without brake
- Supplied in SKD condition

Mi-5048

Mayo's Trolley Double Bar - Stainless Steel

Specification:

- Overall approx. dimension: 765 mm L x 590 mm W
- SS Tray approx. dimension: 760 mm L x 505 mm W
- Tray height adjustment: 850 mm to 1300 mm (approx.)
- Stainless steel tubular framework
- Four castors 50 mm dia, without brake
- Supplied in SKD condition

Mi-5049

Overhead Instrument Trolley

Specification:

- Overall approx. dimension: 1200 mm L x 615 mm W
- Tray height adjustment with SS handle: 910 mm to 1215 mm (approx.)
- SS Tray approx. dimension: 1065 mm L x 605 mm W
- Framework made from MS and SS tubes
- Four heavy duty castors 125 mm dia, two with brake
